PROJECTS

Pokedex App, Jun 2023 - github.com/KMArtwork/pokedex

- Uses the PokeAPI to fetch Pokemon data and theorycraft different builds and teams.
- Built with React, React-Bootstrap, Redux, and Redux-Toolkit.

PlantPal, Jun 2023 - github.com/clueless-caterpillars/plant-water-pi

- An app that can remotely water your plants and relay important information like soil moisture, temperature, and reservoir levels.
- Built with AWS, Express, Raspberry Pi, MongoDB, React Native, and Expo.

Storefront, May 2023 - github.com/KMArtwork/storefront

- Simulates a storefront web page with the ability to browse products, add them to the cart, modify the cart, and "checkout" your order.
- Built with React, Redux, and Material UI.

EDUCATION

Code Fellows - Seattle, WA

Certificate - Advanced Software Development in Full-Stack JavaScript - Jun 2023

The Art Institute of Seattle - Seattle, WA

Bachelor of Art in Game Art and Design - Mar 2019

EXPERIENCE

Wave Fundraising, Seattle, WA, Team Lead, Jun 2022 – Oct 2022

- Trained and mentored new canvassers, utilizing effective communication and leadership skills to support their development and improve their performance.
- Operated with strong situational awareness and crisis management skills to mitigate potential hazards and promote a safe and productive workplace.
- Achieved daily and weekly targets for acquiring new donors, employing relationship-building skills to drive sustainable growth for the organization.

UPS, Tukwila, WA, Personal Vehicle Driver, Oct 2021 – Dec 2021

- Leveraged exceptional attention to detail, quality assurance, and organizational abilities to optimize delivery operations and ensure customer satisfaction.
- Demonstrated commitment to safety protocols while delivering packages, utilizing sound judgment and risk management techniques.

Pizza Pizazz, Federal Way, WA, Key Holder, Jul 2012 – May 2019

- Managed daily operations, including opening and closing procedures, handling tills and deposits, tracking inventory, and maintaining customer relationships.
- Simultaneously operated multi-line phone systems and point-of-sale software to manage customer interactions and financial transactions.
- Demonstrated ability to multitask in food preparation, prioritizing customer satisfaction, and ensuring timely order completion.
